

HEAD START

of Washington County, Inc.

April 25, 2017

Head Start of Washington County Employees:

We are pleased to issue an additional discretionary contribution to your 403b retirement account equal to 4.7% of your annual eligible earnings. This contribution is in addition to the 5% that is deposited monthly into your account. This does not happen at most agencies or in the private sector as well. Everyone's cooperation this year in planning and implementing our goals and objectives and involvement in obtaining and hopefully successfully implementing our extended hours of operation has made this possible.

We have worked with our retirement financial advisors for the last couple of years to lower fees being charged and to provide more options for our employees. I still feel that we all need to become more informed about all of these issues. My goal this year is to have various trainings and discussions so that all of us become more financially literate. Look for more information as the year goes on.

Thanks again and happy April Showers, hopefully it will bring many May flowers!

Sincerely,

Paul
